KOLAR DISTRICT

Whereas the approval of Govt. is hereby announced as follows, under Section 6 (1) of the new Mysore Municipal Regulation -
It is proposed to constitute the local area described in the subjoined schedule a Municipality under the said Regulation.
All persons who entertain any objection to the said proposal are hereby required to submit the same, with the reasons therefor, in writing to the Deputy Commissioner, Kolar District within two months from the date of this proclamation.

Description of the boundaries for Kolar Municipality

North.—The boundary line starts near the end of Survey No. 28 of Kolar from the existing Municipal boundary stone on the Kolar-Sompur road and crossing the Kolar Sompur road, follows the western boundaries of Survey Nos 30-31 and 32 of Kolar and then turning to the east and passing along the northern boundary of Survey No. 32 of Kolar, comes to the north-eastern boundary stone of Survey No. 32 where will be located a Municipal boundary stone. The boundary line then runs straight across the bed of the Kodikannur tank to the Municipal boundary stone on the bund of the tank in the Kolar-Srinivasapur road and thence turning in a south-easterly direction follows the course of the sluice channel in Survey Nos. 82-85-86-73-72-71-70-68 62-59-57-56 of Kodikannur village and then joining the discharge channel of the Kodikannur tank at the end of Survey No 58 of Kodikannur village, follows the course of this discharge channel and uniting with the discharge channel of Kolar-Amanikere tank proceeds in a north-easterly direction up to the point where the sluice channel from Kolar-Amanikere tank and the combined discharge channel touch near the northern extremity of Survey No. 64 of Kolar village. Here there will be a Municipal boundary stone.

East.—The boundary line begins at the last mentioned Municipal boundary stone and follows the course of the sluice channel as far as Survey No. 84 of Kolar village and then entering the Kolar-Amanikere village and proceeding along the same sluice channel reaches Kolar-Amanikere tank bund on which there will be a Municipal boundary stone near the registered number stone of the tank from the last mentioned boundary stone, the boundary line passes in a straight line in a south-westerly direction to the south eastern boundary (pahan) stone of Survey No. 158. There will be a Municipal boundary stone in the bed of the tank on the straight line. There will also be a Municipal boundary stone at the south-eastern boundary stone of Survey No 158. The boundary line passes from the latter in a straight line to the south-western boundary stone of Survey No 177, where there will be a Municipal boundary stone.

South.—From this point the boundary line crosses straight to the south-eastern boundary of Survey No. 179 of Kolar. Here will be located a Municipal boundary stone on the road. From the Municipal boundary stone the line proceeds to the north of a natural channel on the southern boundary line of Survey Nos. 179-189-188-187 192-193 and 194 of Kolar meets the cart-track leading from Chamanahalli to Kolar at the south-western boundary of Survey No 194 of Kolar and thence crossing the cart-track meets the pahan stone between two bonds on the south-east of Survey No 214 of Kolar and thence proceeding west and then north on the southern and western boundaries respectively of the same survey number, meets the southern boundary line of Survey No 215 of Kolar and thence proceeding in a north-westerly direction on the boundary line of the said survey number reaches the point where the village of Chamanahalli-Harohalli and Kolar meet and thence crossing the cart track leading from Beguli to Kolar reaches the south-eastern pahan stone of Survey No. 216 of Kolar village. Near this point there is a Municipal boundary stone.

From this Municipal boundary stone the boundary line passes west on the southern boundary of Survey No 216 of Kolar and thence following the western boundary of Survey No. 216 as far as the cart-track meets the south-eastern pahan stone of Survey No 86 of Harohalli village, passes west on the southern boundary of the same Survey No 86, until it meets the eastern boundary of Survey No. 87 and thence turning southwards on the eastern boundary of Survey No. 87 of Harohalli comes to the south-western point of the said survey number and then skirting the southern boundary of Survey Nos. 87 and 81 of Harohalli comes to south-western point of the said Survey No 81 and thence proceeds north on the western boundary of Survey No 81 until the southern boundary line of Survey No. 2 of Sultanippasandra. Thence proceeding west on the southern boundary of the same Survey No. 2 the boundary line comes to the south-western point of Survey No 2 and thence proceeding north on the western boundary of the same survey number joins the Madras-Cannanore road at the north-west point of Survey No. 2 and crosses the road from there straight to the pahan stone towards the north-east in Survey No. 7 of Sultanippasandra on the other side of the road. Here a Municipal boundary stone will be located.

West.—From the last boundary stone the boundary line turns in a north easterly direction to the junction point of the cart-track in Survey No 7 of Sultanippasandra with the Madras-Cannanore road and from thence in a north westerly direction the line follows the cart-track in Sultanippasandra and Keelkote through Survey Nos. 7-66-63 62 and 60 of Sultanippasandra and Survey No 10 of Keelkote and through the bed of Keelkote tank in a straight line meets the Keelkote tank bund road where there will be a Municipal boundary stone, from the last mentioned boundary stone the boundary line passes along the tank bund road to the south-western point of Survey No 111 of Keelkote and thence proceeding north in the western boundary of Survey No 111 of Keelkote joins a natural channel and proceeds along the outer border of it to the northern pahan stone of Survey No 104, thence crosses directly to the point where a foot path crosses Survey No 82 into the halla and thence passing along the eastern boundary of Survey No 82 and reaching the eastern most point of Survey No 82 crosses to the western most point of Survey No 81 and thence passing on the south western boundary of Survey No 81 meets the boundary of Survey No 81 and Keelkote and thence proceeding along the southern extremity of Survey No 81 and thence proceeding along the point where the two villages meet and thence Survey Nos 81 and 82 north reach the Kolar Sompur road. The boundary line then runs west with a curve to the west and meets the Municipal boundary at the south western point of Survey No 82 and thence the boundary line runs straight to the north. Within the limits of the village of Kolar-Harohalli, Kolar-Amanikere, Kolar-Srinivasapur and Kolar-Beguli and Kolar-Beguli.

By Order,
Deputy Commissioner,
Kolar District.

Ref. 12 - Ref. 341-06-101, dated 5-26th August 1908.

The Proclamation of the 19th March 1908 published on the same date at page 10 of the Mysore Gazette, Part II of 1908 and also in the Mysore Gazette, Part I of 1908, contains the following provisions in the town of Kolar it was duly announced under Section 6 of the Municipal Regulation VII of 1908, that it was proposed under Section 4 of the said Regulation to constitute the town of Kolar, the local area comprised within the limits specified in the said Proclamation into a Municipality, and whereas no objections have been made to the said proposal by the Government of His Highness the Maharaja of Mysore or by the Government of India, in exercise of the powers conferred on them by Section 4 (1) of the said Regulation, to constitute the said Kolar town into a Municipality and to declare that the boundary of the said Municipality shall on and from 1st September 1908, be as shown hereunder —

Description of the boundaries for Kolar Municipality

North—The boundary line starts near the end of Survey No 28 of Kolar from the existing Municipal boundary stone on the Kolar-Sompur road and crossing the Kolar-Sompur road follows the western boundary of Survey Nos 30-31 and 32 of Kolar and then turning to the east and passing along the northern boundary of Survey No 32 of Kolar, comes to the north-eastern boundary stone of Survey No. 32, where will be located a Municipal boundary stone. The boundary line then runs straight across the bed of the Kodikannur tank to the Municipal boundary stone on the bund of the tank in the Kolar-Srinivasapur road and thence turning in a south-easterly direction follows the course of the sluice channel in Survey Nos. 82-85 86 73 72 71-70-68-62-59-57-56 of Kodikannur village and then joining the discharge channel of the Kodikannur tank, at the end of Survey No. 58 of Kodikannur village, follows the course of the discharge channel and uniting with the discharge channel of Kolar-Amanikere tank proceeds in a north-easterly direction up to the point where the sluice channel from Kolar-Amanikere tank and the combined discharge channel touch near the northern extremity of Survey No. 64 of Kolar village. Here there will be a Municipal boundary stone.

East.—The boundary line begins at the last mentioned Municipal boundary stone and follows the course of the sluice channel as far as Survey No. 84 of Kolar village and then entering the Kolar-Amankere tank and proceeding along the same sluice channel reaches Kolar-Amankere tank and on which there will be a Municipal boundary stone near the registered number stone of the tank from the last mentioned boundary stone, the boundary line passes in a straight line in a south-westerly direction to the south-eastern boundary (pahan) stone of Survey No. 158. There will be a Municipal boundary stone in the bed of the tank on the straight line. There will also be a Municipal boundary stone at the south-eastern boundary stone of Survey No. 158. The boundary line passes from the latter in a straight line to the south-western boundary stone of Survey No. 177, where there will be a Municipal boundary stone.

South.—From this point the boundary line crosses straight to the south-eastern boundary of Survey No. 17 of Kolar. Here will be located a Municipal boundary stone on the road. From the Municipal boundary stone the line proceeds to the north of a natural channel on the southern boundary of Survey Nos. 179, 180, 188, 187, 192, 193 and 194 of Kolar, meets the cart-track leading from Chamanahalli to Kolar at the South-western boundary of Survey No. 194 of Kolar and thence proceeding west and then north on the southern boundary of Survey No. 214 of Kolar and thence proceeding west and then north on the boundaries respectively of the same survey number, meets the southern boundary of Survey No. 215 of Kolar and thence proceeding in a north-westerly direction reaches the point where the village of Chamanahalli-Harohal of Kolar meet and thence crossing the cart-track leading from Bagali to Kolar reaches the eastern pahan stone of Survey No. 216 of Kolar village. Near this point there is a Municipal boundary stone.

From this Municipal boundary stone the boundary line passes west on the southern boundary of Survey No. 216 of Kolar and thence following the western boundary of Survey No. 216 as far as the cart track, meets the south-eastern pahan stone of Survey No. 81 of Harohalli village, passes west on the southern boundary of the same Survey No. 86, until it meets the eastern boundary of Survey No. 87 and thence turning southwards on the eastern boundary of Survey No. 87 at Harohalli comes to the south-eastern point of the said survey number and then skirting the southern boundary of Survey Nos. 87 and 81 of Harohalli comes to south-western point of the said Survey No. 81 and thence proceeds north on the western boundary of Survey No. 81 until the southern boundary line of Survey No. 2 of Sultanippasandra. Thence proceeding west on the southern boundary of the same Survey No. 2 the boundary line comes to the south-western point of Survey No. 2 and thence proceeding north on the western boundary of the same survey number joins the Mulraj-Cannanore road at the north west point of Survey No. 2 and crosses the road from there straight to the pahan stone towards the north-east in Survey No. 7 of Sultanippasandra on the other side of the road. Here a Municipal boundary stone will be located.

Bound—From the last boundary stone the boundary line turns in a north easterly direction to the junction point of the cart-track in Survey No 7 of Sultantippasandra with the Madras-Gummitore road and from thence in a north-westerly direction the line follows the cart-track in Sultantippasandra and Koolkota through Survey Nos. 7 00-03-02 and 60 of Sultantippasandra and Sur No 11 of Koolkota and through the bed of Koolkota tank in a straight line meets the Koolkota tank bund road where there will be a Municipal boundary stone, from the last mentioned boundary stone the boundary line passes along the tank bund road to the south-western corner of Survey No 111 of Koolkota and thence proceeding north in the western boundary of Survey No 111 of Koolkota passes a natural channel and proceeds along the outer border of the tank bund path to Survey No 104 thence crosses directly to the point where the main survey line crosses Survey No 82 into the halla and thence passing along the eastern boundary of Survey No 82 and reaching the eastern-most point of Survey No 82 crosses the same at the northern point of Survey No 82 and thence proceeds to the south western corner of Survey No 82 and to the front of Nanamchilli and Koolkota in the western boundary of Survey No 82 and thence passes along the southern side of the two tanks situated between Survey Nos 82 and 85 in the right hand side of Koor Sangur Road and reaches the town boundary which runs in a southerly direction and enters the Municipal limits of Koor Sangur at the intersection of the boundary line with the town boundary from which the boundary line proceeds to the junction of the cart-track in Survey No 7 of Sultantippasandra.
